

WHY YOU SHOULD SUPPORT COASTAL CONNECTIONS, INC

Our Purpose: To foster opportunities for people to connect with and protect coastal wildlife through educational, interactive, and engaging programs and events.

REASON 1 - WE SAVE SEA TURTLES

CCinc is the only non-profit in Indian River County rescuing, protecting and conserving sea turtles. We offer novel sea turtle education programs and work with local businesses to become more turtle-friendly.

REASON 2 - WE PROMOTE PLASTIC ALTERNATIVES

The Vero Goes Zero plastic reduction initiative provides free or highly discounted plastic alternatives to local businesses and community members. Education on plastic-free options and providing access to these products is key for encouraging change.

REASON 3 - COMMUNITY ENGAGEMENT

Each of CCinc's unique programs and events are interactive and engaging for all participants. CCinc is also continually building partnerships with individuals and businesses in our community to support each other.

REASON 4 - FUNDING TRANSPARENCY

CCinc works on a shoestring budget where funding contributions directly support distinctive programs. Our Guidestar profile is updated every year and reflects the 9:1 ratio of operational to administrative expenses.

REASON 5 - VOLUNTEERS ARE OUR ROOTS

CCinc was founded by passionate volunteers. The organization's programs, projects and events are created and managed by dedicated and driven volunteers and only exist because of help from our community. However, not everyone has the ability to volunteer. If you cannot volunteer, then GIVE!

Thank You For Supporting
